VBT approves Behavior Clinician, FUSUS for police department

By Rosemary K. Oztman
 Independent Editor

After a 34-minute workshop session on June 6 to discuss embedding a Behavior Clinician in the Van Buren Township Police Department, the township board went into regular session and approved the expenditure.

The clinician is part of a consortium involving the Van Buren police department, the Wayne Police Department and the Romulus Police Department with Hegira Health Inc.

The Behavior Clinician from Hegira will be embedded in the consortium and the cost shared by the three departments. The clinician would be employed and insured by Hegira.

Hegira will be reimbursed by the communities of \$8,746.25 per month that includes salary, benefits, equipment, travel, insurance, supervision and program administration. That amounts to \$104,955 annually.

The cost to VBT is \$17,493 starting July 1 through the rest of 2023. It would be \$34,985 annually in 2024.

The clinician would be available to co-respond on mental health calls with officers, follow up with individuals in

crisis, and provide for ongoing crisis intervention services.

Deputy Police Chief Joshua Monte said the township gets about one mental health call a day where an individual is in some sort of crisis. He said they drop off the person at Beaumont Hospital. He said the person is back into society within hours and there is no follow-up.

He said the township has from 300 to 400 calls a year. Deputy Monte said mental health can't be cured, but the clinician will follow up on the calls and make sure they are getting treatment.

He said officers see the same person over and over on calls and the clinician could see they get the necessary treatment and assist those people in crisis. This would limit the calls for services that put officers and residents in danger.

Monte said they have talked to police departments in Livonia, Northville and Canton to see what is working for them.

Trustee Donald Boynton said it sounds like more than one person would be needed for three communities, with 300-400 calls for Van Buren Township alone.

"If all three need this person at once, who will decide the priority?" Trustee Boynton asked. "There are glaring holes in the plan.

"What if the person goes out there and things go south – really, really bad. How do we take care of the liability for the township?"

Monte said there is a transfer of liability to Hegira. He added the service of the clinician would be mainly referral for follow ups.

"We need two ... actually a staff of about five people," Boynton said.

Monte said there are grant opportunities out there and Van Buren is one of the few communities that doesn't have one. He said Plymouth and Plymouth Township share one, and Northville and Northville Township share one. Canton has its own.

"We should have our own," Boynton said, asking police to move cautiously.

Trustee Kevin Martin asked what would be next after the clinician checks on the individual. Would Hegira take care of them?

Monte said police officers are not trained in mental health. He checked with other departments and some said they felt the clinician was under-utilized.

He said the clinician would deal with substance abuse and any other sort of mental health contributing to domestic violence.

"Are we training officers to assess mental health issues?" Boynton asked.

Monte said officers are sent off to de-escalation training, autism training, and crisis intervention training and they are working to have multiple layers.

"Having more may be necessary in the future, but this is a start," said Treasurer Sharry Budd, who was chairing the meeting in the absence of Supervisor Kevin McNamara who was in a legal session. Also absent were Clerk Leon Wright and Trustee Bryon Kelley.

Trustee Martin said it would have been nice to have someone from Hegira present at the meeting to answer questions.

Chief Jason Wright said they looked at the experiences of Northville and Northville Township, Plymouth and Plymouth

VBPS school board spends first hour of meeting on accolades

By Rosemary K. Otzman
Independent Editor

At Monday's regular meeting of the Van Buren Public Schools Board of Education, the board spent the first hour on accolades for students and retiring teachers and the second hour on business.

First, Athletic Director Joseph Brodie told about the successes of the spring sports teams. He said 700 students at the high school are involved in sports, with a dozen athletes in three sports and some in four sports.

"Our teams are doing fantastic," he said.

Called up to the front of the meeting to be honored were members of the girls soccer team and the three track and field athletes who won state medals. He said the softball team wasn't present, but it won an Academic All-State award with a 3.44 grade point average overall. The Lacrosse team, which is new and still growing, won the distinction of #1 Sportsmanship Team in this area.

Then the top 10 seniors were called forward and five were present. BHS Principal Nicole Crockett said there are 414 seniors and these top ten had grade point averages from 4.293 to 4.595.

Then principals of several schools heaped praise on seven teachers who were retiring and present. Each received a bag of goodies and a handshake from all the board members.

They were Cindy Davis, Michelle Loechli, Iris Rinaldi, Ernie Krumm, Paula Brown, Tim Miller, and Toni Kurash.

School Supt. Pete Kudlak pointed out two teachers had died, Sherry Browning, a parapro at the Early Childhood Center, and Denise Willoughby, Edgemont Kindergarten teacher.

By then it was after 8 p.m. and time to begin the meeting. The school board:

- Heard Human Resource Director John Leroy introduce Darnell Pace of Chartwells, who as of July 1 will be in charge of food services;
- Approved membership for Belleville High School and McBride Middle School

in the Michigan High School Athletic Association (MHSAA) for the 2023-24 school year;

- Heard spring building presentations from Edgemont and Rawsonville elementary schools;

- Approved the resignation of bus aide Amanda Bielski as of June 5 after 10 years of service;

- Approved the retirement of Peter TenBroeck of Owen Intermediate School as of June 23 after 24 years of service; and the resignation of Sarah Hern from the Early Childhood Center as of June 21 after six years of service;

- Approved the employment of Paula Slingerland as BHS assistant principal as of July 1;

- Approved the purchase of 800 student Chromebooks from Sehi Computing for the total amount of \$236,664 from the 2023-24 Sinking Funds. This is for 1-1 deployment at Owen for incoming fifth graders and at BHS for incoming freshmen. The students will have the computers for four years;

- Approved the Cooperative Education Program Agreement with Livonia Public Schools for the 2023-24 school year as presented. Cost is \$8,000 per student attending the program and Van Buren Public Schools currently has four attending. The contract is for up to 10 students, ages 18 to 26 with IEPs, to attend Livonia's program. The program provides the opportunity for those with mild cognitive impairment to learn job skills, continue training, receive vocational and avocational pathway supports and attend classes on a community college campus;
- Heard Director of Instruction Jeff Moore report on VBPS Extended COVID-19 Learning Plan, as required by the state;
- Approved a new elective course, "Unreal Engine Game Design," for BHS

- Heard April Turnbull say she felt the passing of Sherry Browning, who served the district for 25 years, was passed over since she was a parapro. Paraprofessionals feel they are not a real part of the district, she said. She fought tears as she said although the

- Approved the Cooperative Education Program Agreement with Wayne Westland Community Schools for the 2023-24 school year that permits certain VBPS students to receive vocational education services at the William D. Ford Career Technical Center at a cost of .25 FTE of the Wayne Westland Foundation Grant plus an additional \$50 in administrative cost per pupil;

- Heard April Turnbull say she felt the passing of Sherry Browning, who served the district for 25 years, was passed over since she was a parapro. Paraprofessionals feel they are not a real part of the district, she said. She fought tears as she said although the

administration was advised of the death, her coworkers didn't find out until a few days later and her students a week later. She got no accolades. Turnbull said Browning deserved more and her coworkers are saddened and disappointed;

- Heard Supt. Kudlak say all of the support staff is appreciated because what they do is important. Board president Amy Pearce said the board members appreciate the parents and support staff because they are so important to the education of the students; and

- Heard Supt. Kudlak announce that this is the last meeting for Andrea VanDenBerg, a parent who has been reporting details of each school board meeting on Facebook in real time for seven and a half years so people would know what the district is doing. Her younger son graduated with the class of 2023.

Thank you, Enrica, for more than four decades of service

A pretty Italian girl in Germany met up with a GI at a U.S. Army night club and in two weeks they were married.

This is the beginning of the journey that brought Enrica Hensley to Belleville, MI, where she has served the community for more than four decades.

She has just finished the exhausting season of prom dresses. Enrica measures and stitches by hand and by machine to make everyone look exactly right.

She recalls when the work she did at home outgrew her space. She needed a shop and she went to Moss Brothers, the men's wear business on Main Street. She liked their windows and so she told them she wanted to buy their building.

She seemed naïve to them, but she wasn't. She was serious. She paid off the mortgage in seven years for the building with the nice windows, constructed in 1919. She runs the oldest, continuously run business on Main Street.

Her customers and her customers' children and their children know where to go when something needs to be adjusted, or mended, or hemmed to perfection.

She is active in St. Anthony Church and prays for the dead that she sees listed in the *Independent* each week. She takes rush orders to make the burial clothes just right. But don't try to run off without paying for her work. She won't let go of your garment, even if you punch her in the face. She's one tough cookie and we are so happy to have her on Main Street.

EXTRA THINGS I KNOW

I was talking to the police chief, deputy chief, and fire chief while we were waiting for a board quorum at the Van Buren Township regular meeting on June 6. They told me the story of a man who was sleeping in a dumpster in Detroit whose dumpster got dumped into a truck and taken to the Waste Management landfill in Van Buren Township.

They said nobody even knew he was at the landfill until someone saw him walking out of the dump area, dusting off his clothes, and asked him about it. That was on June 5.

The three chiefs told me that was a non-story and at that time they were busy looking for the parents of a 3- or 4-year-old boy who was found at about 1:30 a.m. in the area of Belleville and Tyler roads on June 5. He was walking down the sidewalk in his pajamas.

Chief Jason Wright said they didn't find a family member until about 7:30 a.m. or so. The uncle, who lives on Robson Road, was taking care of the three kids and the little one walked out in the middle of the night.

A lady from Sumpter said she was coming over the Belleville Bridge after exiting I-94 and she wanted to turn left onto N. Liberty Street so she could get into the shopping center where the Butcher Shop is. She said it took her waiting through three lights to be able to make the turn. She said that's a long time, especially when you have to go to the bathroom.

She said the man in the vehicle in front of her couldn't wait any longer and he made his left turn on a red light into traffic.

The lady suggested a left-turn signal be put in there. I told her the city has been working at getting one put in, but the county is trying

to change the times on lights in the city first, to see if that will help. The light at Five Points is much longer now, which is great for the route I take into work, but it doesn't look like it's making any difference at the bridge.

A reader named Dennis of Sumpter Township called Friday to confirm the story of the three girls on horses who went too far on the Metropark trails on Memorial Day and didn't know how to get back home. I told the story that Gary Zimmer of Southgate related to me in this column last week. He said he listened to the tale unfold on his police scanner and was finally able to go to bed around midnight after he knew the girls were OK. But, I couldn't get anyone to confirm the story.

Dennis told me he was driving on Waltz Road and saw a saddle on the ground. He said he has horses and he was afraid someone would steal the saddle. He picked it up, alerted Huron Township Police that he found it, and then put it on the 48111 website. A woman contacted him and the saddle was returned.

He said the woman said one of the teenage girls was on a horse that acted up and the cinch came loose and she lost the saddle. Since she liked to ride bareback they decided to pick the saddle up on the way home. The two teenagers and one girl younger than 10 continued into the Metropark and onto the trails. The police ranger got involved when

he heard the youngest girl crying.

The mother told Dennis that the girls didn't get home until around midnight and, yes, there was a police ranger on horseback who brought them to their home on Harris Road in Sumpter Township. Dennis said he thinks the Metroparks don't like to talk about things like this. But, the story is true.

Thank you, Dennis, for telling me your experience and confirming Gary's story.

The Haggerty Subdivision sidewalk repairs are all done and at the June 6 meeting of the Van Buren Township Board of Trustees, there were lots of positive comments on how nice they look. Larry Luckett, VBT director of public services, who worked many hours on the project, said the quality of life is up 100% for those living in the subdivision.

The township hired a general contractor with a low price for replacing sidewalk squares and the township marked squares that needed to be replaced. Residents could hire their own contractor, if they wanted to, but the one the township got was very reasonable in price. Homeowners will pay for the work over three years on their property taxes. Certain sidewalk areas were paid for by the township. There are 716 lots with sidewalks in Haggerty Sub., which is officially named Van Buren Estates.

Clarification:

Only part of Belleville Lake will be closed for 'Thrill in the 'Ville'

Although Scott Jones told the Belleville City Council at its June 5 meeting that the DNR gave the Belleville Yacht Club a permit to close Belleville Lake for two days, the DNR actually gave permission for closing just part of the lake.

The *Independent* reported his statement on page 8 of its June 8 issue.

BYC spokesperson Chris Donley said the DNR actually gave permission for closing just the mile-long loop race area, which is south of the Denton Road Bridge, in front of Horizon Park and Johnny's on the Lake. The rest of the lake is open and available for boating, he said.

The race area of the lake will be closed from noon to 5 p.m. on Saturday and Sunday, June 24 and 25, with three pauses in the activities for local boaters to get through. Entry to Hillside Cemetery will also be shut down from 10 a.m. to 6 p.m. on June 24 and 25 for the races.

The BYC's hydroplane races are an addition to the Lakefest activities that week end.

Court Watching:

Shawn Fix of Sumpter pleads guilty in plot to kidnap governor

BELLAIRE, MI – Shawn Fix of Sumpter Township pled guilty on June 7 to aiding a plot to kidnap Michigan's governor. This was in Antrim County 13th Circuit Court.

The proceedings are taking place in Antrim County because that's where Gov. Gretchen Whitmer's Elk Rapids vacation home is located and prosecutors say the abduction was to take place.

He accepted a deal from the state which included a guilty plea of one felony count of providing material support to a terrorist act and an agreement to testify truthfully against his co-defendants at their upcoming August trial if asked to do so.

In exchange, the state dismissed a felony firearm charge.

Fix now faces up to 20 years in prison and sentencing will be set later this summer.

This is the ninth conviction in state and federal courts since agents broke up the scheme. Informants and undercover FBI agents were inside the group for months, leading to the arrests in October 2020. Whitmer was not physically harmed.

Fix trained with a militia, the Wolverine Watchmen, for "politically motivated violence," prosecutors have said. They said Fix hosted a five-hour meeting at his Sumpter Township home where there was much discussion about kidnapping Whitmer.

Fix acknowledged helping plot leader Adam Fox pinpoint the location of Whitmer's home, key information that was used for a 2020 ride to find the property in northern Michigan.

He remains out on bond, as do all his fellow defendants. Their tethers were removed earlier this year.

Township, and Canton who tried it and then it blossomed.

"It had a lot of uses," Chief Wright said, adding that the person was able to follow up on treatment and find out why a person was having domestic violence at a house.

He also said they are more likely to get a grant if they are applying as a consortium with other communities.

Chief Wright said very rarely would they go on the scene and they do not take clinicians into a hot scene. Most of the work would be follow ups.

Boynnton said he was a reserve officer in Detroit and he thinks it would be a good idea to have the Hegira person train as a reserve officer to get an inside idea of police work.

Trustee Martin said this should help to cut down on the repeat calls from the same people.

Chief Wright said with domestic violence they find alcohol and drug abuse and the clinician provides other resources the police don't have. He said the Plymouth police chief said it has been very useful and people got help.

During the regular one-hour meeting that followed the work/study session on June 6, the board:

- Approved a three-year contract, at \$75,000 per year, with FUSUS for the police department. The Downtown Development Authority has agreed to contribute \$25,000 annually for three years. The program provides a platform to view public and community video sources for incidents. Part of the brief presentation

was a 1.5-minute Fox News video from Atlanta, GA, where the chief of police praised FUSUS for helping them find the shooter from a medical center shooting. The Atlanta chief also praised Flock, which the township uses. Chief Wright said, "We will have the same technology as large cities";

- Held a public hearing on the establishment of the Homestead Condominium Special Assessment District and then approved the SAD and set a June 20 hearing on the SAD assessment roll;

- Established fees for residential collection of solid waste by Waste Management. There is a five-year contract and fees go up 5% a year. The cost will be placed on the property taxes, half in the summer and half in the winter. For households it will be \$82.92 each time this year. Annual household cost is \$165.84 per year; Cape Condos, \$127.14 per year; and Woodbury Green Condos, \$145.40 per year;

- Approved purchase of a new bingo display system from United Novelty for \$4,389.95, with the expenses to be split between Senior Endowment and Senior programming. The current system is 20 years old and reportedly on its "last legs". The Friday-afternoon Penny Bingo is a popular event at the Senior Center;

- Approved purchase of two vacant parcels on Denton Road from Wayne County for an amount not to exceed \$10,000 for right of way for the Iron Belle Trail. The parcels are near Waverly apartments and are in tax foreclosure. They are the last two properties needed by the trail in that area;

- Approved the purchase of a 2023 Chevy Tahoe for the fire department for \$52,000, which includes lights and siren

ORPHAN OF THE WEEK LILYBETH

HELLO, MY NAME IS LILYBETH!

I'm around 3 years old. I came to the shelter with my kittens from a hoarding situation. I'm a quiet, mellow girl who can be bashful when meeting strangers. If you give me time to get to know you, I'm happy to receive gentle affection. I'm also learning to love being a lap cat. I was sick with mastitis while nursing my kittens, but now that I'm better and have been spayed, I won't have that problem again. I'd prefer a quiet home without a lot of noise. I can be nervous around sudden movements and sounds, so I would do best with older kids and pets who can respect my need for space. I would love a home with lots of small beds where I can hunker down and rest.

If you'd like to adopt me, please visit [friendsofmichigan.org/adoptable-cats](https://www.friendsofmichigan.org/adoptable-cats) to submit an application. I am spayed, microchipped, up to date on vaccinations, and I tested negative for FIV/FelV.

Court Watching

Rena Lynn Kwek, 38, of Sumpter Township was due for her remote arraignment/pretrial on June 7 in 34th District Court on a charge of having no insurance in the city of Belleville on Sept. 21, 2019.

At that time the charge was dismissed by the prosecuting attorney.

She was arraigned on June 8 by Judge Lisa Martin on a new charge of assault and battery of Sumpter Police officer on April 25, 2020 in Sumpter Township.

A remote pretrial was set for July 13. Personal bond was set at \$5,000.

equipment. The money is in the budget for the emergency response vehicle, but the line item has to be moved around. The older vehicle it replaces was second-hand to begin with and will be used for fire prevention. The 2013 Ford Explorer will be retired;

- Removed from the agenda a proposed approval of the Senior Endowment Committee Bylaws; and
- Heard the tale of a woman who lives on 10 acres in Willis and has owned and paid taxes on a house in Van Buren Township for 45 years that she rents and maintains. She said she pays \$4,000 a year in taxes. She said she grew up in Quirk subdivision and works at the Lincoln Consolidated Schools and owns another house in the Upper Peninsula. She said she always was able

to get a free pass to the VBT dump over the years as she maintained her house. She said two weeks ago, she was denied a pass because her driver's license address wasn't in Van Buren Township. She said the clerk in that department told her the tenant could get a pass and take the things to the dump, but the property owner said that wouldn't be right to make the tenant do that. The clerk also told her she makes a profit on the rental, but she said she has shown a loss every one of the 45 years she's owned the rental. She said the township needs to look at its policy and to show more respect to property owners. She said she took the yard debris home to Willis. Treasurer Budd asked her to give her name to the Deputy Clerk and the director of that department will call her and, "Work you through it."
